

Mary Norman

I have been a Foundation Governor since 2016 and am a member of the Teaching and Learning and Health and Safety committees.

I work in the NHS and have done so for over 30 years in both administrative and secretarial roles.

In my spare time I enjoy running and am quite proud to have recently represented my age group in the England Age Group Masters 10K and half marathon events.

I have 2 children and 5 grandchildren. My grandchildren have all been to this school, 2 of whom are here at the moment. They have all been really happy here. I love my visits to the school; listening to children read and attending Awards Worship. I find it very rewarding to be a School Governor at this wonderful school.
